

*Class of 1980*

It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness, it was the epoch of incredulity, it was the season of Light, it was the season of Darkness, it was the spring of hope, it was the winter of despair, we had everything before us, we had nothing before us, we were all going direct to Heaven, we were all going direct the other way ...

Dear Class of '80:

Jacques Barzun reminds us "that education is not merely schooling. It is a lifetime of discipline of the individual himself, encouraged by a reasonable opportunity to lead a good life. Education here is synonymous with civilization. A civilized community is better than a jungle but a civilization is a long slow process which cannot be given in a short course."

We hope that Saint Michael's has imparted with you at least an intellectual perception of what "civilization" means; and that as some of the seeds that have been planted grow, each of you becomes increasingly a civilized person. It takes a lifetime to fully understand what the "good life" is — but we hope you have set it up as your goal. If Saint Michael's means anything, it at least should have started you thinking on what the total person ought to be. The world needs models. We hope each of you somehow, and in some capacity becomes one. If so, then the College will have done its job.

Sincerely,

*Edward L. Henry*

Very Reverend Edward Leary, S.S.E.  
Edmundite Generalate

Dear Class of '80:

In the names of the Society of St. Edmund and the Board of Trustees of St. Michael's College, I congratulate the men and women of the Class of 1980. As we are in the midst of celebrating our Seventh-fifth Anniversary, this Commencement has a special significance for us all.

You are the outward sign that we are proud and happy to point to. God has blessed us especially in your success. In a certain sense, it is the fruit of seventy-five years.

We hope and plan to serve the Lord by continuing to grow in our capacity to serve many more men and women like yourselves. Your happiness and success in the future will be ours too and we want this to be reciprocal, that you will always be a part of the future of St. Michael's, its success and growth and its service.

May the blessing of almighty God, the Father and the Son and the Holy Spirit come upon you and remain with you forever.

Most sincerely,

*Edward A. Leary, S.S.E.*

## Zafir Bludevich

The 1980 Hilltop, celebrating 75 years of St. Michael's College history, is dedicated to Jennifer Cernosia and Zafir Bludevich, both of whom have contributed to each of our lives in their own way.

When one is faced with the problem of choosing to whom the yearbook should be dedicated, many criteria must be considered. After everything is taken into account, it all boils down to the mutual respect that exists between the students and these two people.

Zaf has been the Intramural Director and Athletic Trainer for several years. His love and devotion to St. Michael's reappears constantly and always surpasses what has traditionally been the norm in administrative behavior. No student can attend St. Michael's for four years without coming into contact with Zaf. As one student put it, "Everyone knows Zaf."

His concern for people is revealed through his dependable service in every aspect of student life. This type of person is essential for the growth of the college.

## Jennifer Cernosia

Although Jennie has only been at St. Michael's for two years, she has touched most of us in some way. She exemplifies the attitude and ideals of the student body. Her concern, aid, guidance and love exceed what is required or expected of her in her position as Director of Student Activities. No one is inhibited from talking to her about anything. She symbolizes the new breed of administrators who are more responsive to the students. Their presence is necessary for the continuation and betterment of St. Michael's.

Both of these people should serve as models for the students of St. Michael's and to the graduating seniors in their future endeavors. One final word to Jen and Zaf — thanks.

## The Chinese Morsel

By William Safire

CHINESE LUN — At a Peking luncheon, Premier Zhou Enlai refused to pick up a morsel of his plate and instead, as President Richard Nixon did on this custom, who had been told a guest, responded correctly last week, during Defense Secretary Harold Brown's trip to China, his gracious gesture. Unaware of the cultural symbolism, our technician plunked a morsel of his own fork on the plate of his Chinese host. The Chinese did not blink at this typical Western reciprocity, but the word "barbarian" in a Western culture, the idea of a "scratch my back, I'll scratch yours," Chinese culture is more subtle. The morsel of food on the plate is an act of friendship, and the need to "scratch my back" is to "scratch yours" and are

not the antithesis of military strength. Publicly, however, the born again hawk in the White House have been putting out the opposite line that our response to Soviet moves is not merely to put the already dead SALT on ice but also to punish the Russians by beginning a new military relationship with the Chinese.

From the Chinese point of view, the hawk in the White House is to borrow a leaf from the Chinese. The Chinese are not a "launch on warning" deterrent against a Soviet strike. The high end of this channel would be integrated circuits for guidance systems of cruise missiles.

(3) Arms Sales. This could begin with acquiescence in sales by third parties for satellites, middle range, a ballistic missile warning system, to give the Chinese a "launch on warning" deterrent against a Soviet strike. The high end of this channel would be integrated circuits for guidance systems of cruise missiles.

## After Iowa: A Sleeper?

By Anthony Lewis

rogates for the President. Common Cause, the AFL CIO and many other organizations are sponsoring a state town meeting on Feb. 2 and 3 and hope to have Kennedy, Mondale and Jerry Brown there.

Figuring the odds in Maine is even harder than in Iowa. It is a big, wild state, and no one has any real idea how many Democrats will turn out.

BOSTON, Jan. 20 — David Costello of Old Town, Me., is a 19-year-old University of Maine sophomore who works in local politics and hopes to make a career of it. The other night his telephone rang, and there was Rosalynn Carter on the line. "She talked about Iowa," Costello said later, "and then she asked me who I thought would win in the Maine caucuses. I said Senator Kennedy was ahead. Then she asked me to hold on. She said Jimmy was talking to Warren Christopher (the Deputy Secretary of State) about Iran, but he wanted to say a few words to me. "When the President got on, I told him it would be close in Maine. He asked if I'd give him my support. I said I wasn't sure where I stood. I didn't want to say I was for Kennedy because I was impressed by the phone call, and Carter is a heck of a nice guy."

David Costello is still working for Kennedy and still thinks he will win in Maine. But as that telephone indicates, Jimmy Carter is trying hard to pull off a coup: a damaging defeat to the Massachusetts Senator in his England backyard.

## Freshmen Orientation

"The past is gone; the present is full of confusion; and the future scares the hell out of me!"

This sentiment sums up the way the class of 1983 felt as they arrived at St. Mike's on September 1 for Orientation '79. After the initial period of confusion, where we settled our accounts with the treasurer, picked up our meal tickets and finished unpacking, many of us began to ask ourselves, "What are we doing here?" But before we could call Mom and Dad to ask them to take us home, someone came by and asked us to go to D.T. with them. So we went. After three or four iced-teas at the Chance, we couldn't believe how friendly everyone was and what a good time we were having. On the way home, we thought to ourselves, "Isn't college life the greatest?"

The 75th anniversary Homecoming, on October 19-20, was a unanimous success as nearly 500 returning alumni participated in the weekend's festivities. Numerous receptions and cocktail parties welcomed the alumni as they arrived as SMC on Friday. Saturday's events included a horsedrawn wagon tour of the campus, a hard-fought football game against Bentley College and a dance in the North Campus Gym. Sunday's mass and breakfast concluded the weekend's activities. All of those who were involved with Homecoming '79 agreed that it was one of the best yet.

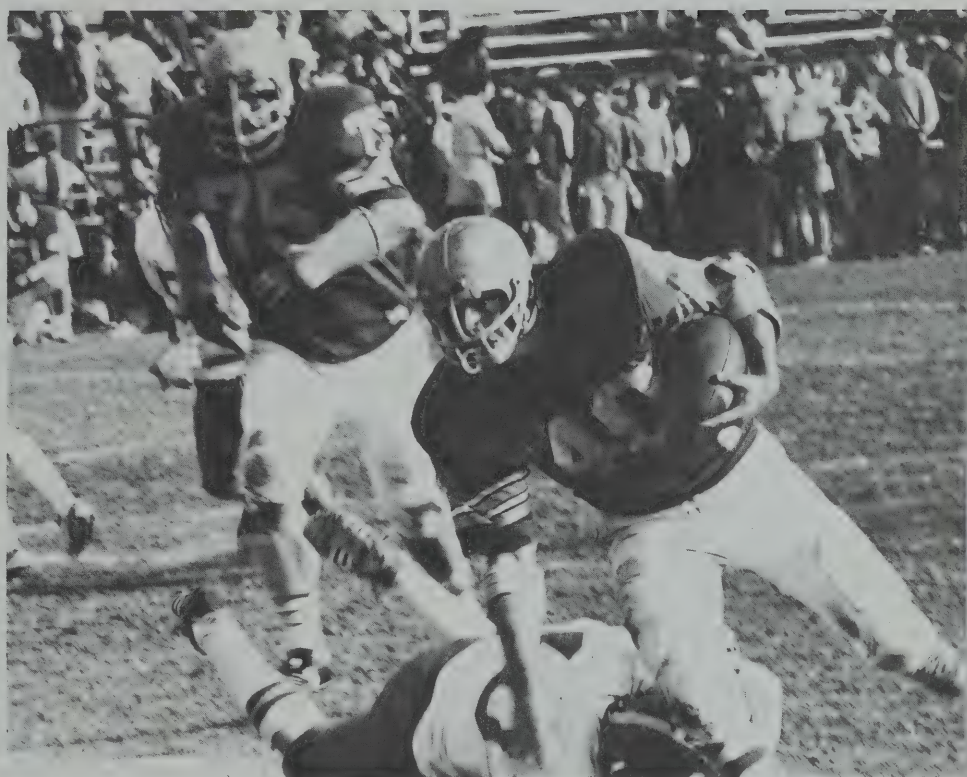

# Football

A new head coach, Brad Eustace and a nucleus of returning talent, including Tri-captains Paul Brien, John Dowd and Jeff Jones, prompted some speculation that the 1979 season would be one of the finest in the history of club football at SMC.

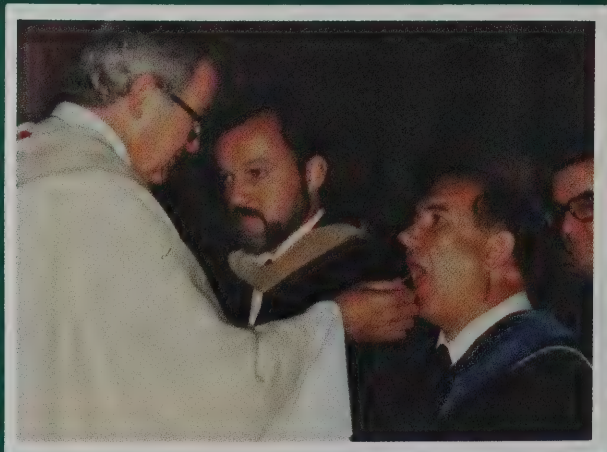

However, injuries plagued the squad throughout the season and dreams of success ended in frustrated disappointment for the Knights. The team is looking forward to the 1980 season when they hope for a strong defense and an aggressive offense to be the key to a winning season.

# Jubilee

The 1979 Fall Lecture Series, in conjunction with the 75th Jubilee celebration, was responsible for bringing many prominent speakers and numerous symposiums to the St. Michael's College campus this fall.

Presidential candidate Phillip Crane came to the campus to gather support for his campaign for the 1980 Presidential Election.

Many important scholars and diplomats participated in the American Foreign Policy Symposium that was held on campus this fall. The two-day symposium was highlighted by an address by Hans Morgenthau on the future of American Foreign Policy.

Literary figures, such as Pulitzer Prize winning poet Maxine Kumin and novelists J.F. Powers and William Gaddis took part in the Jubilee activities by giving readings of their works.

## Field Hockey

The 1979 Field Hockey team began the year with high hopes, double sessions and sore muscles. For the first time, the women returned to SMC for an August training camp to prepare for the tough nine game schedule and were in better shape than any other field hockey team at SMC. But all the hard effort, talent and conditioning never jelled into a consistent effort. The team finished with a disappointing 1-5-3 record. Highlights of season included Captain Kathy O'Neill's hat trick in the season's only victory against North Country College. Bridget Lyons and Nancy Haynes were voted the most improved players of the season. Kathy O'Neill and Grace Taferner were voted captains for the 1980 season.

# Men's Soccer

The St. Michael's men's soccer, coached by Bill Willey, compiled the best record in SMC soccer history. The team finished the grueling 12 game schedule with a 3-7-2 record. The persistent offensive line was lead by Steve Barsalow, Keith Heingartner, Brian French and Joe LaBrecque. The outstanding defensive line, which included Steve McCullough, Bob Manning, Mike Sclon and goalie Tim Fortier allowed an average of one goal per game. Seniors Steve Cronin and Clay Neidlinger played superbly throughout their last season.

The returning squad of talented players is looking forward to the 1980 season, when it hopes to become a top contender in the Division II Soccer League.

The St. Michael's women's soccer team, coached by Sue Boettcher, finished its first intercollegiate season with high hopes for the future of women's soccer at SMC. The team, which originated from the intramural program, was lead by team captains Christa Griffin and Carolyn Egan. The squad made up for its inexperience by building a persistent offense and a strong defensive line. Throughout the season, the women's soccer team proved themselves to be a powerful young team that will have to be reckoned with in the up coming season.

# Tennis

The St. Michael's tennis team, coached by Nick Clary, finished its successful 1979 season with an impressive 5-3 record. The SMC netmen easily up-ended Norwich University, Plattsburgh and Potsdam State Colleges and dumped New Hampshire College twice. The season was highlighted by a fine performance in the Albany State Tournament.

Departing seniors Matt Collins, (co-captain), Mark Casey and Steve Houlihan made timely contributions all season. Mike Thomas, Kevin O'Hare, (co-captain), Greg Keller, Steve Knapp, and Drew Hoffner supplied the Knights with a potent singles attack, while walk-on Curt Colby added a new dimension to doubles play.

# Cross Country

The St. Michael's harriers, coached by Tom Obbagy, finished the 1979 Cross Country season confident of success in the up-and-coming years. The team, primarily composed of Freshmen and Sophomores took on tough battles and managed wins over both Castleton and Lyndon State Colleges. The steady-running Knights were led by Marty Fleming and Peter Degnan who showed the young squad that teamwork pays off.

This year also showed a great improvement in the women's team. Lori Ducharme, Doreen O'Kane and Anne Metger ran in not only the women's meets, but also ran in every men's meet.

Crown and Sword is a service oriented society consisting of junior and senior members established in 1957 for the benefit of the St. Michael's community.

Traditionally, the society assists in events such as Homecoming Weekend, Parents Weekend and the Multiple Sclerosis Dance Marathon. Other SMC events are ushered by C&S members, as well as the weekly masses. This year they ushered the Dome Symposium, and many of the lecture series. A crew of members manned the phones for the annual Alumni phonathon in Burlington.

The main emphasis of the society in the past year was the construction of the Chris Brooks Memorial Bike Path, which runs between North and South campus. Fund raising ranged from bottle drives to dances to P-day frisbees.

Crown and Sword offers its services to the members of any class or organization requesting them. It offers a scholarship grant to underprivileged students wishing to attend St. Mike's. It also is involved in activities in local Big Brother programs and sing-a-longs at the hospital.

The Michaelman is an independent periodical published by the SMC Student Publishing Association. It is printed by Vermont Journal, Inc. of Essex Junction, Vt. every week of the college year with the exception of official college holidays and examination periods.

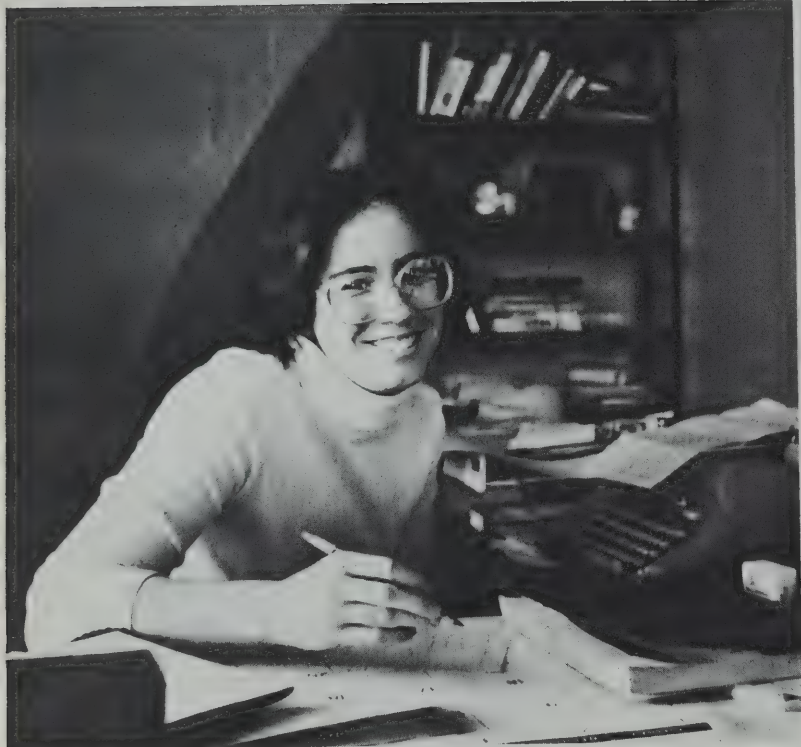

Deadline for advertising, letters to the editor and all other copy is 6 p.m. Monday. Letters to the editor and all other copy must be typed, double-spaced. All letters must be signed. Campus or off-campus address and phone number must accompany each letter.

The editor reserves the right to edit or omit any letter for the sake of space or clarity. While all letters cannot be published, the editor will make an effort to publish those reflecting a diversity of opinion.

Opinions expressed in this publication are not necessarily those of St. Michael's College faculty or administration.

Subscription rate per year: \$10.00

## The Michaelman

The newspaper staff spent most of its energy trying to improve the appearance and content of the paper. The relatively peaceful year was abruptly interrupted on March 18, when the General Assembly voted to freeze S.A. funding of the newspaper as a result of the SMC Student Publishing Association's 3-1 vote to solicit suggestions for a new name for the paper.

At the end of March, prospects for a quick solution to the problem seemed dim, but the paper continued to print with the advertising revenue that it had accumulated during the semester.

The funds came out of the deep freeze after Richard Raquier's convincing address to the G.A. Since then, the controversy had cooled down a bit. But who knows what's in store for the future?

"The hell with them. Let's change the name anyway."

The St. Michael's Fire and Rescue Unit celebrated its tenth anniversary of providing emergency services to the college and surrounding community. From its origin in 1969, St. Michael's Fire Department has expanded into a professional organization concerned with the well being of others.

The Fire Unit, which answered more than 150 calls this year, functions as a battalion of the Colchester Center Volunteer Fire Company. All members must complete a comprehensive 45 hour training course and participate in weekly drills held at the college.

This year marked great advances for the Fire Unit. It purchased a new pumper, so the Sutton Fire House was in need of renovation. Through the hard work and invaluable help of many people, a new bay was added, providing additional storage space.

The Rescue Unit, which answered more than 1,200 emergency calls this year, requires its members to complete an advanced first aid course and cardio-pulmonary resuscitation class. Members of the Rescue Unit often advance to complete a 100 - hour emergency medical technician course and become certified intravenous therapists.

The Rescue Unit had a productive year, as extensive fund raising enabled it to replace the 1976 chassis with a 1979 chassis, retaining the rear modulance.

Good Luck Fire and Rescue with the next progressive decade.

# Student Association

The main achievement of the Student Association General Assembly during 1979-80 academic year was the construction and opening of a rathskeller, which was immediately a great success. The representatives also discussed coed dorms, graduation speakers, Saga, the Jubilee and room searchers, but with less tangible results. The representatives froze S.A. funding of the Michaelman in March because of their indignation about the proposed name change although the paper continued printing with its own funds. But the G.A. rescinded its vote in April when it realized the name had not been changed and the proposal was still only a proposal.

## WWPV-FM

If you have a well-coordinated and harmoniously balanced group, well-trained and talented individuals, you could call them a team. They could meet together and plan strategies after analyzing their current situation and reviewing the historical forces that have fated them to their present Karam situations. With a little practice they may become a competitive softball team.

And that's what happened at WWPV. A slow start had little effect on morale and PV soon became the champion softball team of the local radio stations.

A great deal of time was spent by the staff on the sundry, routine and rudimentary aspects of broadcasting (i.e., financing, fund-raising, programming, news reporting, signal processing, recording, interviewing, logging, repairing, vacuuming, filing, dusting, painting, marathoning, scheduling and learning).

In summation, it could be said that "the more than sixty-five free spirits showing their collective space at WWPV checked their power parameters and reciprocated the reception as strong, positive, motivational vibes with an aura of presence and the transmission of vibrant, pulsating and seductive impulses. But that made little sense, if any.

The 1979 St. Michael's women's volleyball team, coached by Diane Boettcher, rose from the ranks of a club sport to a varsity competitor this year. The squad, comprised of women from four nations, completed their first season of varsity competition with a successful campaign.

The young team took on such seasoned powerhouses as McGill University and Plattsburg State College. In spite of the stiff competition, the women managed to win their first home game on the newly refurbished west court of the Ross Sports Center.

The women's volleyball team is looking forward to their second season of varsity competition, when they hope to become top contenders in the realm of varsity volleyball.

## Men's Basketball

It was not to be a memorable year for the men's basketball team, as they posted the worst record (5-21) in the history of basketball at SMC.

Under the direction of first year mentor Steve Antrim, the team showed great promise as they opened the season by winning the third annual "Doc Jacobs Classic." Unfortunately, the new coaching style never jelled into a consistent winning effort for the Knights.

Losing only one graduating senior, Kevin Byrne, the future looks brighter for next year's team. The fine play from freshmen Steve Bourke, Jerry Mizerak and Greg Hinton and the solid performances from returning upperclassmen Frank Russo and Jim Peys point toward success for the 1980 - 81 season.

## Women's Basketball Team

After defeating Plattsburg State in the first contest of the 1979-80 season, no one would have believed that the women's basketball team would lose the next seven games. From that point on, the team displayed their winning talents, as they won the next eleven straight games, thus setting a new record for most victories in a row.

Ask any team member what the highlight of the season was and the undeniable answer would be the squad's big win over the University of Vermont. This marked the first time that the women ever beat the Division I crosstown rival.

The women's basketball team wrapped up the season with a 13-8 record. The talents of seniors Janet King, Kathy Lockner and Pam Bushey will be missed next year, but there is reason to believe that next year's team will continue in the winning tradition.

# Saga loves you ... It really does!

"Take the special of the day young fellow/fellowette, if you know what's good for you."

Saga was not banal, but only because **banal** is not a viable part of many people's vocabulary; (we don't need to get into the popularity of the word viable). Saga was, instead, mundane. If the daily routine got to you, then you could always masticate under the table; but Jody would yell at you (she wouldn't join you: she masticated before everyone else got there).

During the school year some wild gossip spread about Saga; rumors of atrocities committed by the food service:

- \*Bug Juice with a warning from the Surgeon General.
- \*Spaghetti served from the floor.
- \*Surplus soap from Auschwitz being used to wash dishes in the new machine.

(Aaahhh, the new dishwasher — fully automatic, when attended by a crew of 12 and a conveyor belt too! Just like the Jetsons).

Saga loved leftovers. One day we had leftover beef, the next day we had leftover stew. Another day we had leftover fat, the next day we had leftover soap.

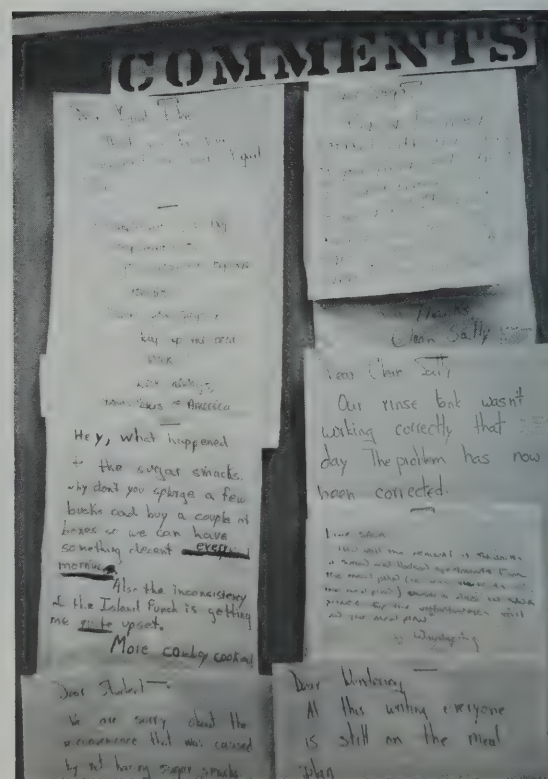

But amidst the Corned Bee, Chopped Bee, Smashed Potatoes and Shambled Eggs, Saga occasionally pulled through with a special night: Steak Night, Italian Night, Irish Night, Shepherd's Pie or Day Before Vacation Leftovers Night.

THERE IS A TIDE IN THE AFFAIRS OF  
MEN WHICH, TAKEN AT THE FLOOD,  
LEADS ON TO FORTUNE;  
OMITTED, ALL THE VOYAGE OF  
THEIR LIFE IS BOUND IN SHALLOWS  
AND IN MISERIES.

ON SUCH A FULL SEA ARE WE NOW  
AFLOAT; AND WE MUST TAKE THE  
CURRENT WHEN IT SERVES,  
OR LOSES OUR VENTURES.

SHAKESPEARE

SENIORS

The executive board began by celebrating each candidate's victory to each respective office. From then on, it was a lot of tough work for all of us. We decided that our biggest problem was that of our treasury. In looking over our accounts for the past three years, we found ourselves in debt by \$375. Cliff and I decided that it would be in the best interest of our class to initiate fund raising activities before the internal revenue service locked us up.

About three quarters of the work done by the executive board was to raise money for the climax of our senior year — senior week and graduation. We had many fund raisers which included; happy hours, Halloween and St. Patty's Day parties and of course we cannot forget Quarry Hill. The last quarter of concern was put towards graduation.

I would like to take this opportunity to thank all of the people that I worked with; to my good friends Cliff Warner, Tony McGinnis, Matt Probert, Paula Murphy, Chris McCloy, Debbie Baines and all of my senior friends — Thanks!

Sincerely,  
Jack McHugh

When night spreads itself  
like a crow's wing, the leaves  
begin their Fall and descend.  
Like birds on branches, they lift themselves  
and fly away. Hundreds at a time.  
No one knows where —  
they settle. Only that they return  
to earth again. To rest somewhere  
closer to you. And until Spring  
when the woods issue forth  
their message of survival,  
it is all we can do to wait.

for flowering trees  
to pattern themselves on the hill  
For the robin's return.  
His song of celebration ballooning out  
with his breast of red.  
Renewing all that is dead  
to life.

## Baseball

The 1980 St. Michael's baseball team travelled a rough road on the way to a 6-10 record. After opening with two convincing wins over Lyndon State, the Purple Knights' bats seemed to go on sabbatical for most of the year.

Plagued by an early exam schedule, the Knights were forced to use a makeshift lineup down the stretch. The substitutes responded well and coach Edward Markey's Michaelmen closed the season by winning three of the last four games.

There were several bright spots during 1980, despite the sub — .500 record. Junior pitcher Chris Kent set a St. Michael's College record for strikeouts, as he fanned 18 Lyndon state batters and ended up the season with 39 K's. Freshman Steve Winn showed promise as he picked up two wins for the college. Senior catcher Mike McNary culminated four years of improvement with his finest season for the Knights.

Also, for the first time in many years, the Knights defeated Middlebury College in a wild 13-12 contest. Juniors Curt Colby and Ed Markey led the team in hitting. Colby ended up with a .353 average while Markey hit .308 with 10 runs batted in.

# Softball

The softball team finished a short spring season with a successful 6-4 record. Pitching for the Purple Knights were senior Marybeth Sonski with a 4-1 record and junior Kathy Stack with a 2-3 record. Freshman Terri O'Neil, playing first base and catcher, was voted the team's most valuable player. Freshman Nancy Haynes was voted the most improved player. Sophomore Judy Valente, Barb Puls and Sarah Taylor were named the high spirited team cheerleaders.

A doubleheader roadtrip to Norwich was the highlight of the season in which the team escaped with two run-away victories.

While overcoming the obstacles of a short season, cold weather and the disappearance of Dawn Stranger's magnet mitt, coach Sue Duprat's team fared well and is looking forward to another winning season in 1981.

## Track

The club track team, led by coach Zafir Bludevich, had another winning season. Ken Cloutier and Jackie Forette received the Most Valuable Person awards for leading the team in meets.

Once again the mutual interests and antics of the members along with Zaf's jokes helped form the team spirit that led them to victories over their opponents and created a closeness that is rare for any team.

## Women's Lacrosse

The 1980 women's lacrosse team had a winning season. Led by player/coach Mary Davis, the team's enthusiasm and spirit never died. They compiled a record of two victories against UVM, 8-7, and against Keene State, 11-8 and one defeat by St. Lawrence, 8-6.

Leading scorers were freshmen Patricia Davis, Laurie Makes and sophomores Francie Siminsky and junior Mary Davis. Freshman Bridget Lyons displayed much gumption and great potential talent in her first experience as goalie.

With their victories against respected teams, the women's lacrosse team looks forward to a full and challenging schedule in 1981, despite the loss of three graduating seniors.

DT!! Within your first 24 hours, (probably less), at St. Michael's College these two letters were heard more than anything else. The bars are unlimited and the action is there **All The Time!!!**

In the past years, downtown has seen a lot of changes. Remember "Harold J's", (disco, progressive drafts), now "Charisma"? But, do you remember when it was the "Lighthouse", in the days of yore? Perhaps you remember the "Black Cat" with yards of beer or dirty movies at the State Theater. (Kinky Huh!!)

Remember happy hours that went long into the night and Hannibal's that is no longer. The Last Chance, Rasp-utin's, Finbar's and of course the late night hangout, "The Bone". The list goes on and on with memories going on and on and on and on . . .

# Dance Marathon

The sixth annual Multiple Sclerosis Dance Marathon was held 14, 15, and 16. This year's marathon was not only the largest in the nation, but also the largest per capita fund-raiser of the year for the National Multiple Sclerosis Society. At the end of 40 hours, 518 dancers had shuffled their feet to the tune of almost \$50,000.

This year's student coordinators were John Gelinas and David Liporace, both senior biology majors. In addition, countless students and administrators volunteered numerous hours during the weekend. Chuck Tobin and Jerry Degnan must be singled out for their monumental efforts in providing food for the entire weekend.

Emcee for the weekend was John Nichols from WJOY, who also provided music and joined the marathon for his sixth year in a row.

In April, following collection of pledges received during the weekend, the top three couples received scholarships totalling \$1,000. Tom Murphy and Linda Ruel from St. Michael's placed fourth.

# Parents Weekend

Walsh

Walsh

Puleio

The 1980 Parents Weekend started on Friday with masses of parents registering in Alliot Hall. The rathskeller had a special grand opening for the parents both Friday and Saturday. "Twain by the Tale" was the drama production with two performances. After the play parents went to the Alliot Café to take part in Casino Night.

Saturday the events were endless and the weather was perfect. Hayride campus tours were given. There was baseball, softball, lacrosse and rugby. The student - faculty college bowl was an exciting part of the afternoon.

The banquet started at 5 p.m. in the Ross Sport Center with the Rev. Ray Doherty giving the invocation. The guest speaker was the Very Rev. Francis Moriarty. Saturday's events were capped by the North Campus dance and the Jazz Soirée in the Alliot Cafe. The music was provided by the Generation Gap and Paul Ascenzo and friends.

Sunday brought the successful weekend to a close with Masses being given in the chapel. The liturgical choir and the folk group along with the liturgical dance troupe contributed to the closing of this weekend.

## Trike Race

The Rotunda 25 Trike Race started P-Day Weekend with fifteen teams racing up hills and through water.

Teams with names like Floral Fixation, Orange Crush, the Nerds and Cute Cubbies raced to become infamous in Saint Michael's racing history by being the first to cross the finish line. The crowd watched the Nerds pull to an easy victory and saw many trikes break due to heavy damage.

This historical race will continue to provide us with pleasant memories.

## Marble Island

Oh! this fateful night! Beginnings, endings, make-ups, break-ups, they were all a part of this annual festival. Yet, through it all, what a ball! There was such an electric feeling as everyone arrived at Marble Island that evening. The non-Saga meal was great. Plenty of drinking and dancing was to be had. All in all, there were not many complaints but many compliments. The question on the lips of many the next day was "Can we still be friends?"

# P-Day

P-Day has died. P-Day field with 85 kegs, flying killer frisbees, bell ringing, egg toss and tug of war are gone, due to excessive damage. The marshmallow toast at Herrouet Theater and White toilet paper leaves budding outside Purtill and Hamel Halls left Virgil Schellhardt shaking his head and saying, "I'll hang the person who did this by his or her thumbs."

The enjoyment of partying with friends, for the last time during college will not be forgotten. Listening to music, the James Cotton Band, drinking beer and going wild are the things that have always made P-Day memorable. P-Day, as we know it, is gone. But the things that make it special will always be with us.

## Hilltop Staff

Julie Mooney

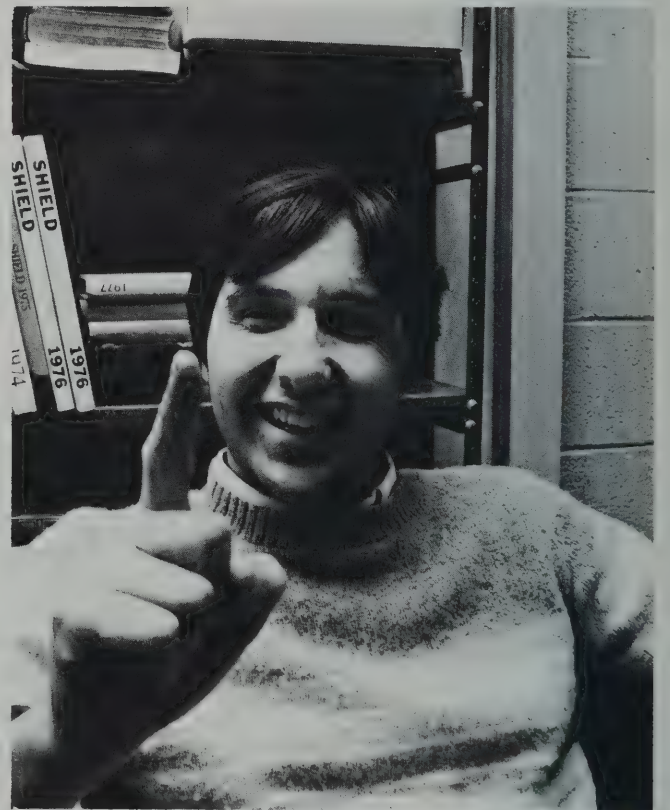

No one said it was going to be easy.  
No one told us it was going to be this rewarding.

Here we were twelve individuals with twelve different perspectives and ideas of how this yearbook should look. Somehow we did it. This book has been a labor of love for not only the seniors, but also for the St. Michael's. Enjoy it. We sure did!

- The parents and community members for their contributions.
- Dave Walsh and Andrea Cremins for their insistence and persistence on perfection.
- Scott Gorden, our Herff-Jones representative for his help.
- My staff, friends, and acquaintances who made my dream a reality.

## Thoughts from the Editor

As I write, yearbook activities are beginning to wind down and my term as editor is ending. It is my hope that this yearbook will hold a special place in the history of the Hilltop. I would like to take this opportunity to write a few words on what it was like being editor of your yearbook.

There were times of considerable aggravation when I was certain the following week's Michaelman would read "Slamons Resigns" but due to the unfailing support and confidence of friends and associates I made it. Their understandability of my one-track mind has given many rewards that will always be cherished.

Being editor has taught me to deal with many different types of personalities and the situations they create. All of which have taught me an invaluable lesson on how to cope effectively with future situations.

I appreciated the cooperation of most of the members of the community of Saint Michael's in responding to our deadlines. Their aid was most helpful in completion of the book.

The entire staff has made a conscious effort to cover as diversified a group of people and events as possible.

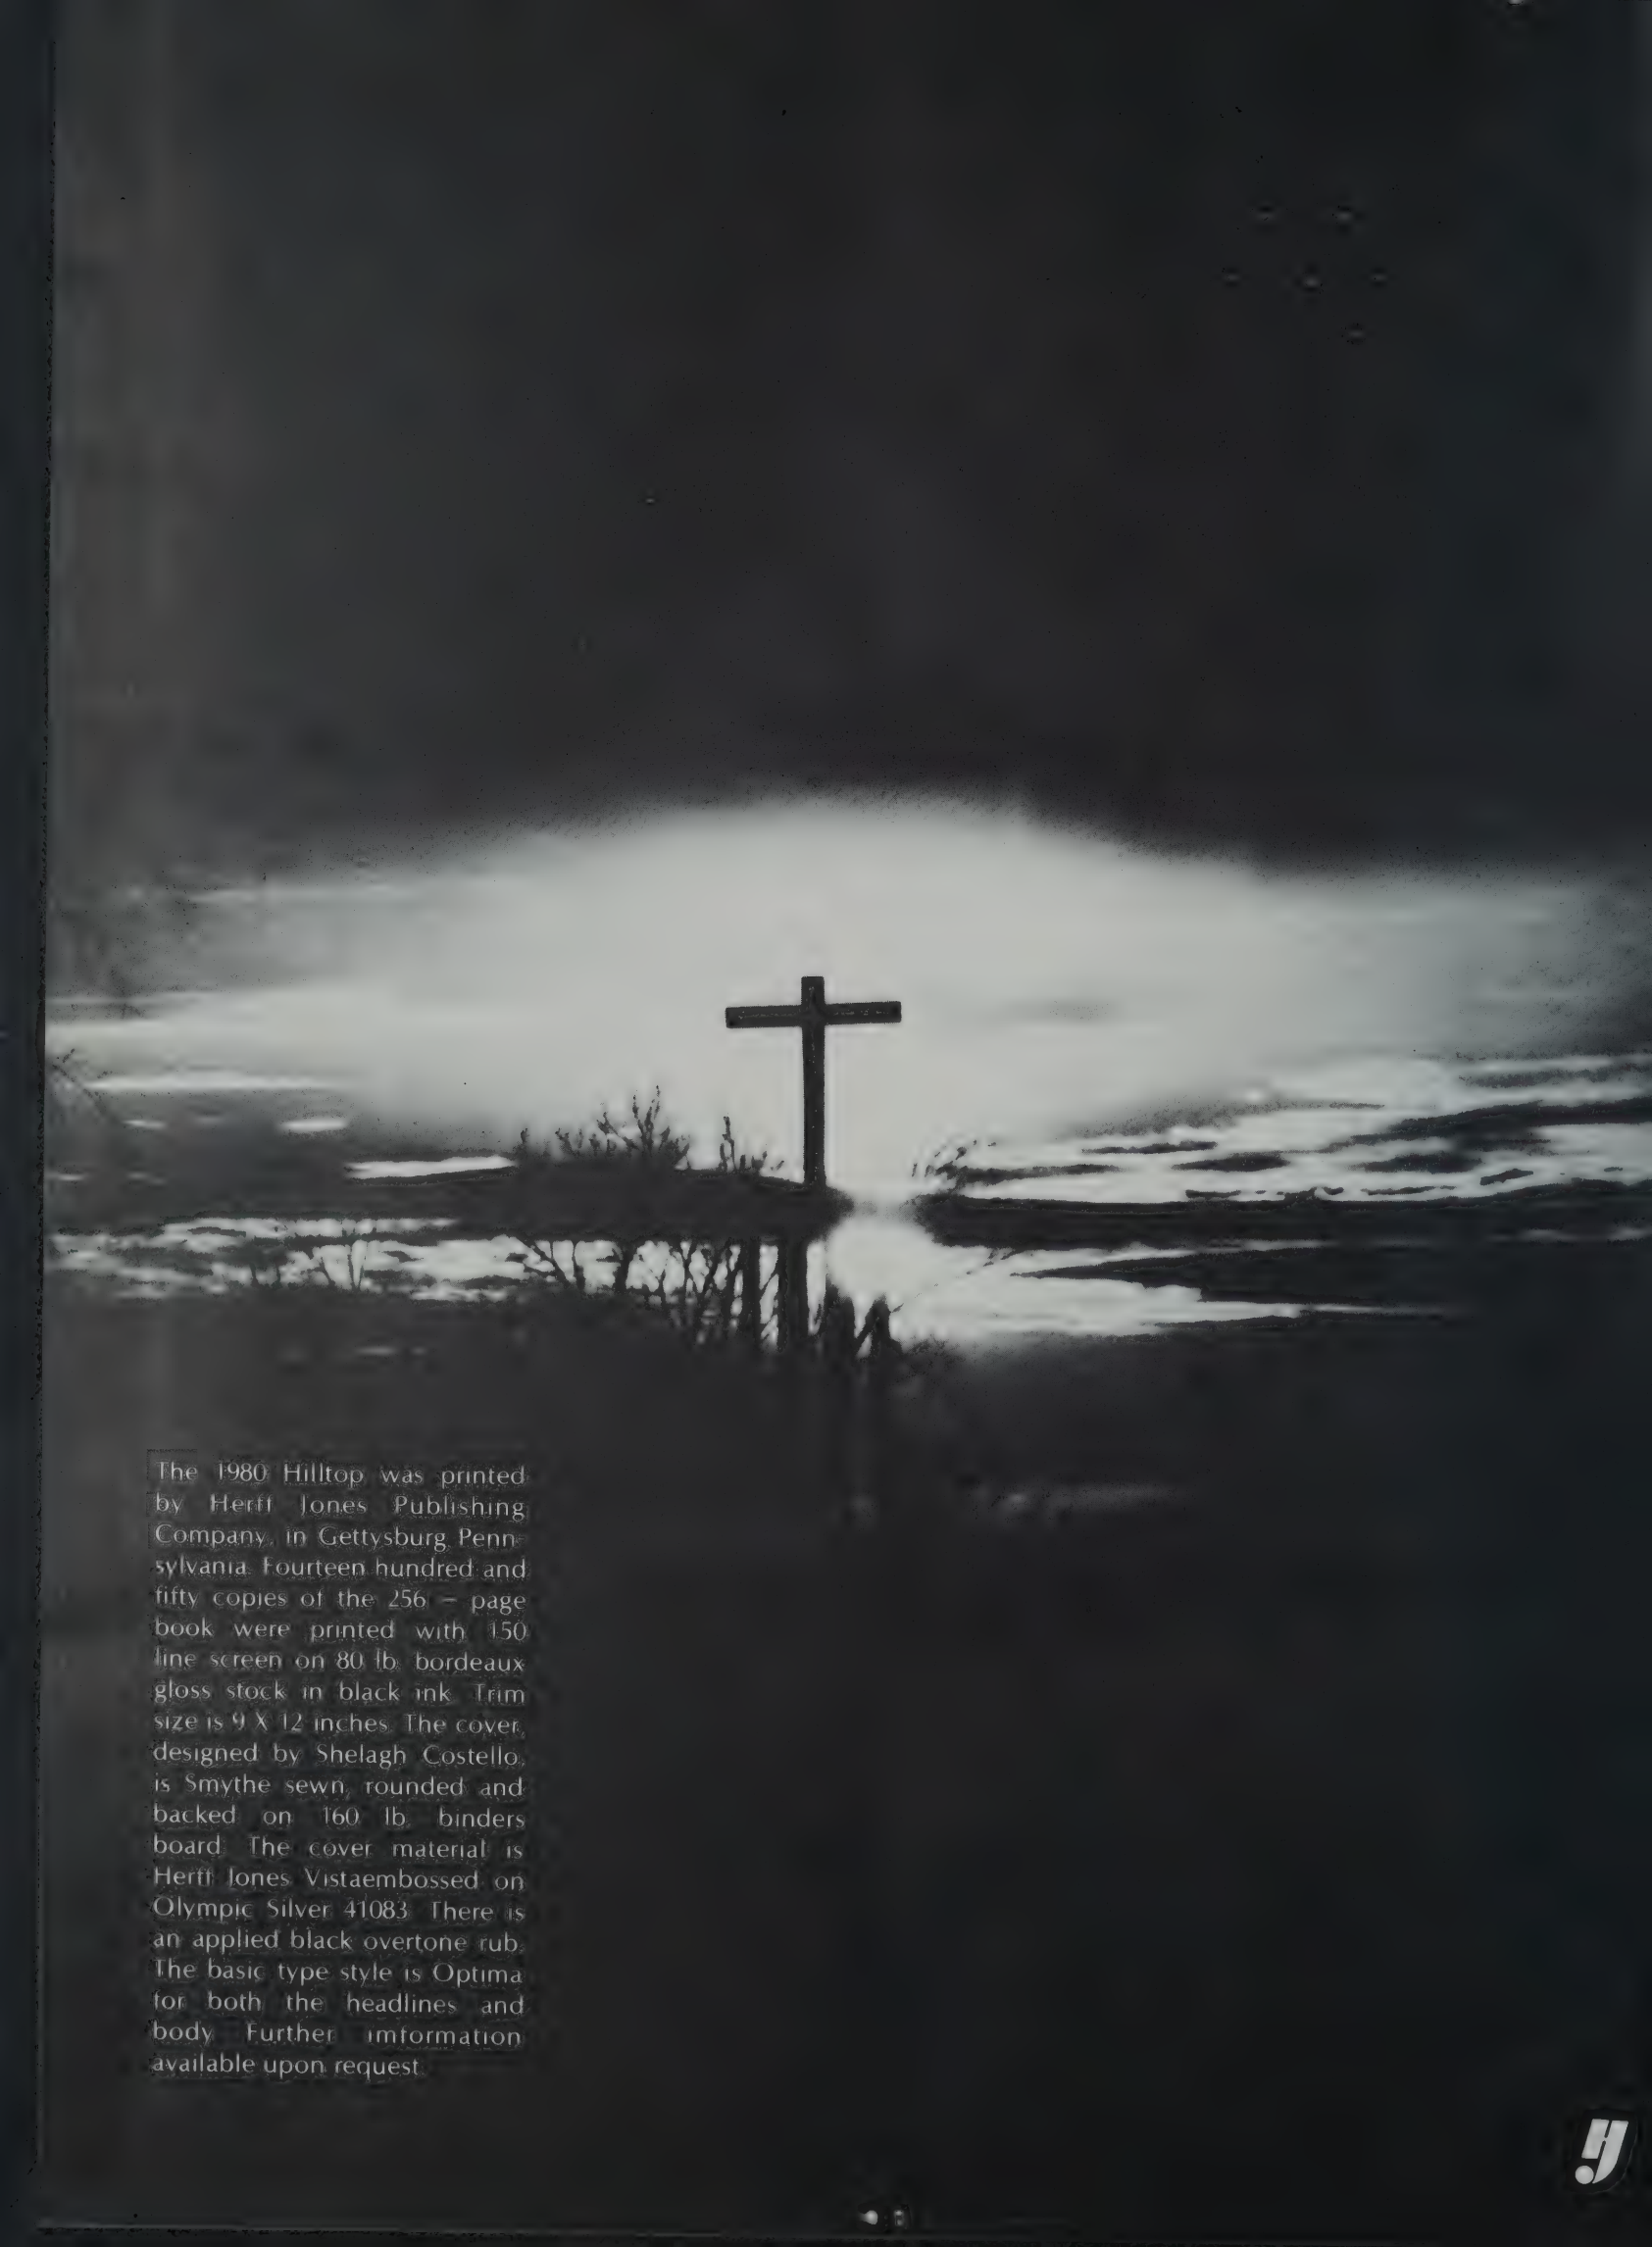

I hope the yearbook is as enjoyed as much as I have enjoyed producing it. I would welcome any comments good or bad.

Best of Luck to Everyone,

*Larry Slamons*

The 1980 Hilltop was printed by Herff Jones Publishing Company, in Gettysburg, Pennsylvania. Fourteen hundred and fifty copies of the 256 - page book were printed with 150 line screen on 80 lb. bordeaux gloss stock in black ink. Trim size is 9 X 12 inches. The cover, designed by Shelagh Costello, is Smythe sewn, rounded and backed on 160 lb. binders board. The cover material is Herff Jones Vistaembossed on Olympic Silver 41083. There is an applied black overtone rub. The basic type style is Optima for both the headlines and body. Further information available upon request.
